The Gravity Discovery Centre is celebrating the detection of gravitational waves, as predicted by Einstein 100 years ago, and the critical contribution Australian technologies have made, including the work done on-site at the Gingin research centre. The Gravity Discovery Centre invite you to a Q & A style presentation by Professor David Blair, who has been part of this research for 40 plus years, and other scientists and students involved in the Australian and Gingin research. Light refreshments will be served and guests will have the opportunity to visit the Observatory.

Where: The Gravity Discovery Centre, 1098 Military Road, Yeal
Date: Friday 19 February
Time: 7.00 pm – 10.00 pm
Cost: Adults $20.00 Children (5-15) $10.00
