

Parent Cyber Safety Education Session

Protecting children in their digital worlds is an ever-evolving task for Australian families. Now more than ever parents are looking for guidance in how to manage screen time and navigate the world of games and social media. Technology offers so many benefits for kids and families, but stress-levels are high with the idea of how to manage the risks and challenges that are an inevitable part of the digital world.

We are therefore pleased to help our parent community by offering a crucial and engaging education session with ySafe, Australia's leading provider of cyber safety education. Designed by their award-winning team of cyber safety experts, this practical, strategy-rich session will cover the most important points that all families need to know about online safety, covering key information about social media and gaming, screen time recommendations and step-by-step instructions on how to set up a cyber safe home for kids of all ages.

If you've ever struggled with getting your kids off their games and into bed, worried about the content of the games that they are playing or felt concerned that your child was spending too much time in the digital world, this workshop is for you!

Please register for this event by following the link **provided**. **This is an important** school event for all parents to attend.
