

WEST COAST REGION
INTERSCHOOL SELECTION POLICY

TEAMS SELECTION

Those teachers involved with team selection agree that the best athletes should have the opportunity to represent their school.

School and Interschool Teams are selected by teachers on the basis of:

- Results/performance at the school carnivals/events.
- Training sessions associated with these carnivals/events.
- Student's ability to demonstrate responsible behaviour in line with the School Values Program.

If a student is absent due to injury or illness (**not holidays**) in the lead up to, or on the day of the carnival/event, and is recognised by the PE Specialists to be one of the top athletes, a re-run may be conducted at the request of the parent/carer or a recommendation by a staff member.

The parent/carer request or teacher recommendation must be made on or the day prior to the carnival/event and it is the PE Specialists decision to conduct the re-run or time the athlete.

In all circumstances, the PE Specialist and selection teachers, in consultation with the school administration team have the final say in individual and team selections, including whether to consider extenuating circumstances.
