

### Local Intake Area Description – Mount Hawthorn Primary School

From the intersection of the Mitchell Freeway and Scarborough Beach Road, east along Scarborough Beach Road to the junction with Green Street, east along Green Street to London Street, south along London Street to Scarborough Beach Road and continuing south along Loftus Street to Salisbury Street, west along Salisbury Street to Oxford Street, south along Oxford Street to Wylie Place, west along Wylie Place and its extension through parkland to Brentham Street, and continuing west through parkland to the Mitchell Freeway, north west along the Mitchell Freeway to a point on the southern extension of Brady Street, north along this extension and north along Brady Street to Purslowe Street, west along Purslowe Street to the Mitchell Freeway, north along the Mitchell Freeway to Scarborough Beach Road.

The boundary parts of Scarborough Beach Road (south side), Green Street (south side), London Street (west side), Loftus Street (west side), Salisbury Street (both sides), Oxford Street (west side), Wylie Place (both sides), Mitchell Freeway (both north and south sections, east side), Brady Street (both sides) and Purslowe Street (both sides) are included within the local-intake area of this school.

Please Note: Local-intake area maps are based on a written description of the local-intake area (LIA) for the school as published in the WA Government Gazette. Although the map closely represents the LIA description, for some houses near the boundary (especially on street corners), it may be necessary to refer to the written description. The street address of a residence is used to determine whether that dwelling is inside a particular LIA. While local-intake areas for most schools do not change from year to year, changes may be made to local-intake areas as required. Such changes are published in the WA Government Gazette and subsequently the local-intake area map will be updated.
